WE HAVE A DIFFERENT KIND OF *Map*

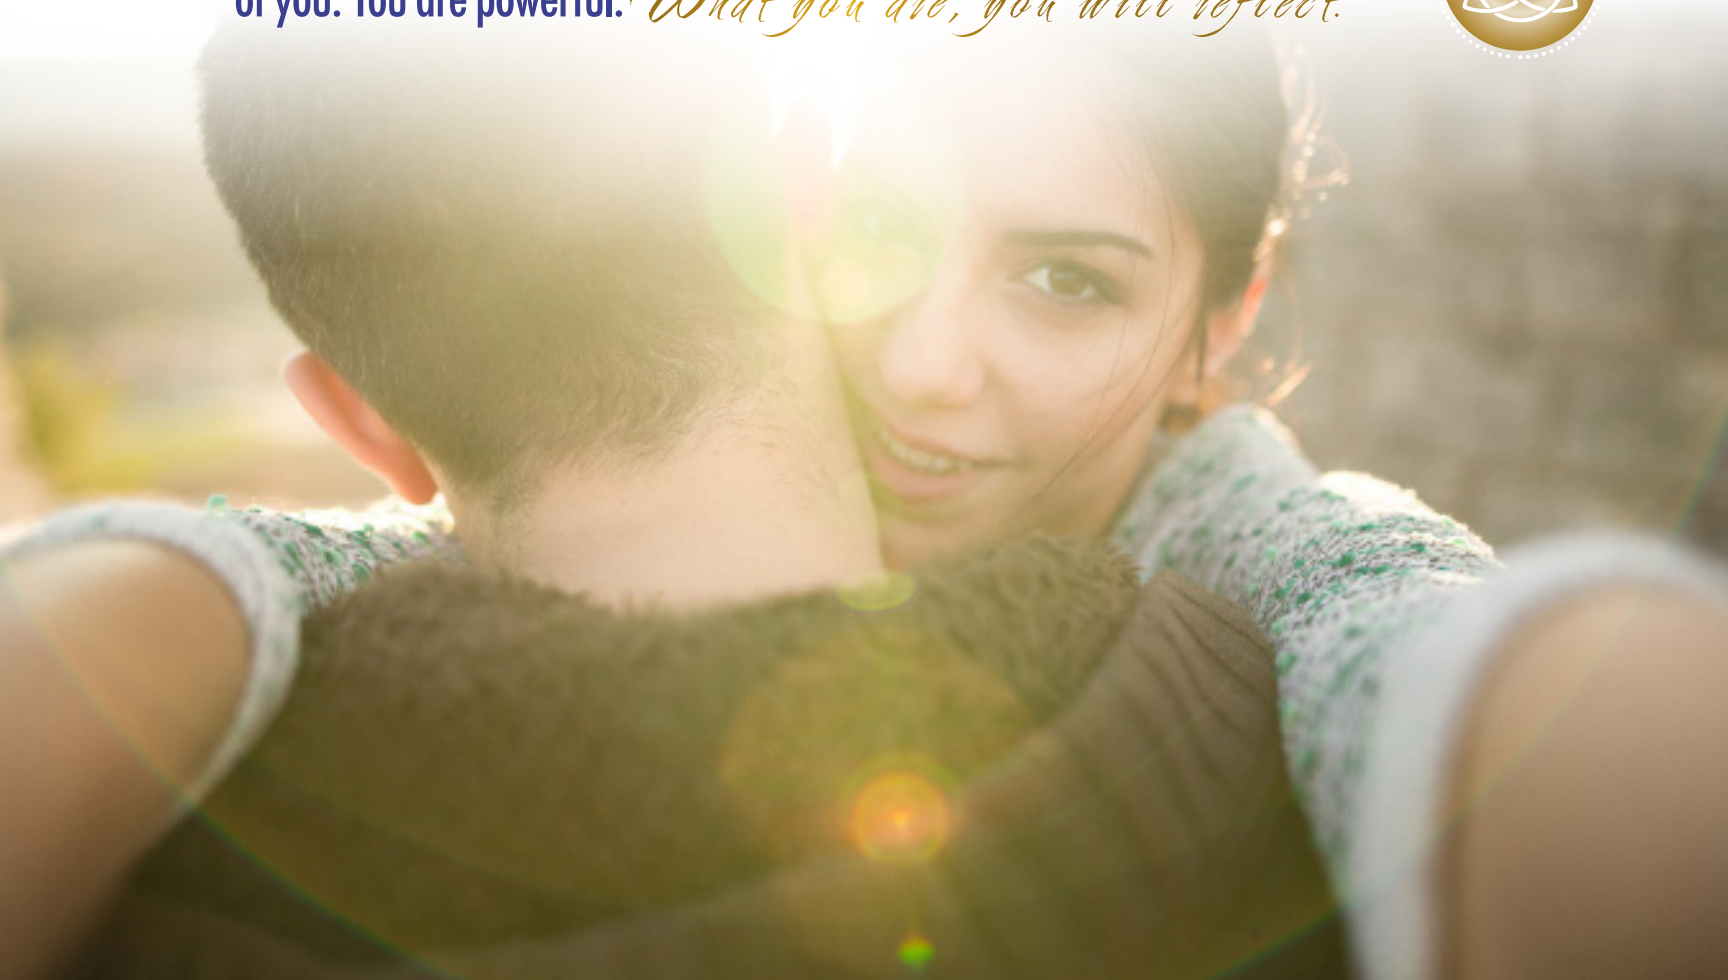

Each mist has a gliff - a symbol of the intention embodied. The gliffs are a map of our transformation, a physical manifestation of our divinity. An invitation - mind, body, heart, soul, and spirit - within and without *wonder awaits.*

What lies behind us and what lies before us are tiny matters compared to *what lies within us.*  
- *Ralph Waldo Emerson*

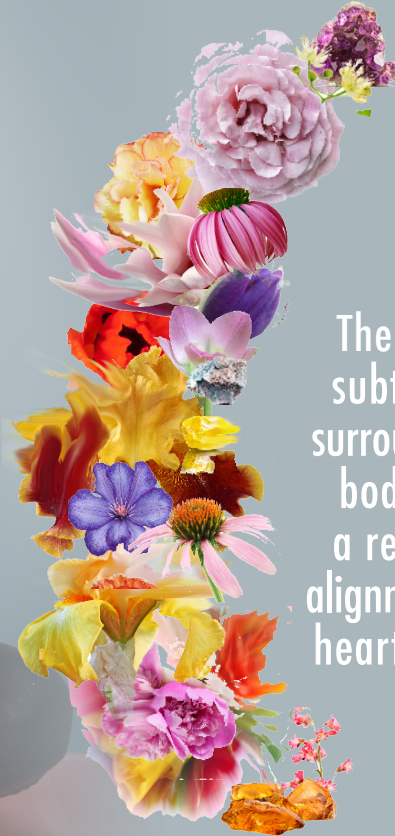

It's all about the transformative power of love. Your world is a reflection of you. You are powerful. *What you are, you will reflect.*

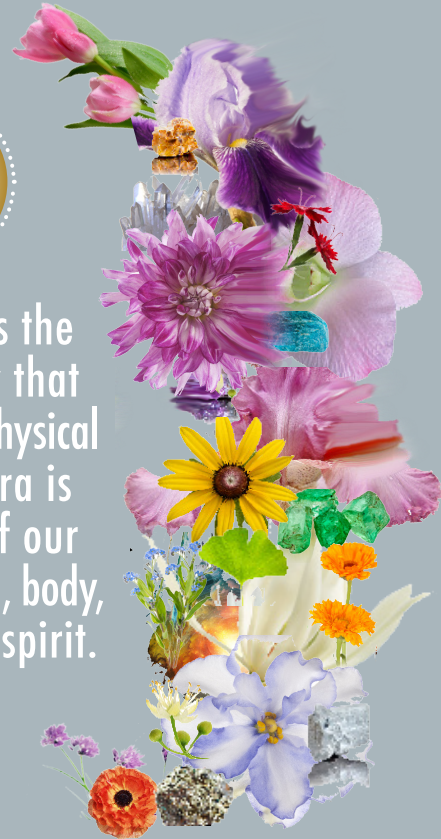

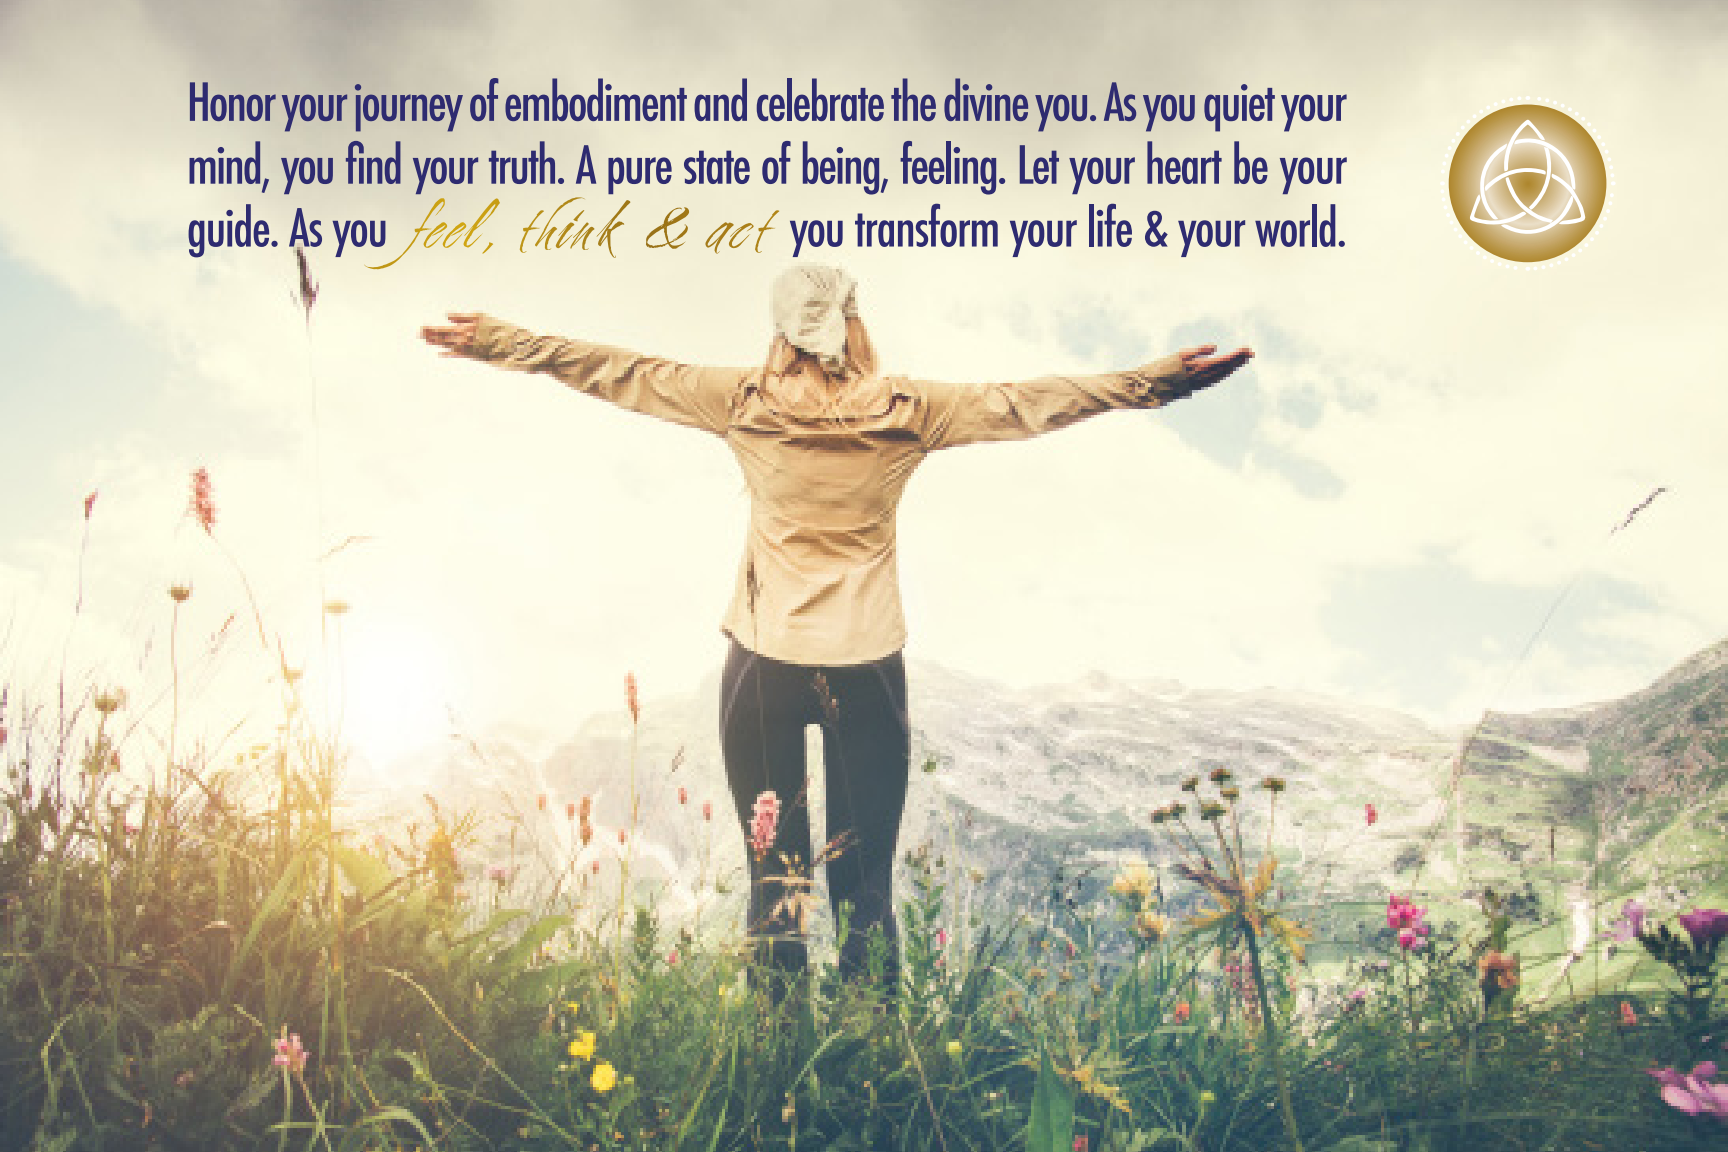

# energy alignment

The *aura* is the subtle energy that surrounds the physical body. Our aura is a reflection of our alignment-mind, body, heart, soul & spirit.

Honor your journey of embodiment and celebrate the divine you. As you quiet your mind, you find your truth. A pure state of being, feeling. Let your heart be your guide. As you *feel, think & act* you transform your life & your world.

Vulnerability is the birthplace of *love*, belonging,  
joy, courage, empathy, creativity and authenticity.

- *Brene Brown*

ONENESS MIST: *Expansive Love - Truth - Abundance*  
As we reside in Oneness, we align to the abundant flow of a loving universe.

Out beyond ideas of wrongdoing and rightdoing, there is a field. I'll meet you there.

- *Rumi*

When we awaken to an *expansive sense of being*, connected energy, and do so in an embodied way, we paradoxically become more divinely ourselves. We ignite our passion. We wake up to our courage, to our authenticity and power.

Flower, tree, and gemstone essences effect our subtle energy field or *aura* - our emotions, intentions & *consciousness*.
